# **Custom Headrest System Return Policy (New Systems):**

We understand that sometimes as a part of doing business with Car Dealers, there are times when a Headrest System sale falls through or an incorrect color is ordered in error by the Car Dealer.

If the Complete Headrest System is unable to be resold, we will accept the Headrest System back under the following guidelines:

1) The Complete Headrest Kit must be NEW/UNUSED and packed in its original packaging

2) An RA must be requested and issued and the Complete Headrest Kit must be returned within 30 days of purchase

3) If the Complete Headrest kit is not returned within 30 days of purchase, only replacement of the Headrest assemblies will be considered for return.

The Headrest assemblies must be in NEW/UNUSED condition and returned on an approved RA within 60 days of the purchase of the original complete kit

4) The Complete Headrest Kit or Headrest assemblies must be shipped pre-paid back to VOXX Electronics with the RA# present on the packing slip

5) Custom Headrest Kit orders (Premium Leather or Special Applications) will not be issued an RA for return

6) Any Complete Headrest Kit or Headrest assembly received by VOXX that appears to have been used will be rejected and credit or replacement will not be issued

A \$50 Restocking Fee will be applied to all returned Complete Headrest Kits

A \$25 Restocking Fee will be applied to all returned Headrest Assemblies

# Custom Headrest Parts Return Policy (RA and Advanced Exchange Requests):

Our Advent Headrests Systems are comprised of several different parts. In the event of a performance issue with an Advent Headrest System, please contact VOXX Tech Services at 1-800-645-4994 (prompt 4). VOXX Tech will diagnose the failure mode to determine the correct part needed to resolve the issue. RA and Advanced Exchange requests for replacement parts will only be granted with VOXX Tech approval to ensure the correct part is sent for replacement.

- 1) Advanced Exchange is a service we provide our Advent customers to ensure timely delivery of a replacement part to service a consumers defective issue. So that a failure mode is confirmed and the correct part or parts needed to correct the failure mode is identified, we require that Tech Services is contacted to provide troubleshooting assistance to shop and in-the-field installing techs. Only through VOXX Tech Services will the part or parts needed to correct the defective issue be approved for replacement or return. Once VOXX Tech Services approves the replacement of a part, the call will immediately be handed to the RA desk for processing. Please ensure that unit serial numbers and Proof of Purchase are available to confirm In-Warranty status
- 2) We highly recommend that our Advent customers utilize VOXX Tech Services for all product troubleshooting when a performance issue is reported by a consumer. Identification of a potentially defective part in a Headrest System my not be an obvious one and the part that one may think to be defective may not be the part which is creating the failure mode. The VOXX Tech Service team is a valuable resource to assist installation techs to either correct the failure mode the first time the issue is raised or ensure the correct parts are sent so that the consumer receives complete repair service the first time
  - 3) Please ensure that defective Advent Headrest parts returned to VOXX are handled and packaged well to prevent damage to the part. Any units returned that exhibit physical damage (i.e., broken, cracked, scuffed or scratched plastics or panels, chemical erosion from chemical cleaners or foreign substances such as paint) will be rejected at VOXX discretion
